BID COMPARISON AND AWARD

If this Proposal shall be accepted and the undersigned shall fail to contract as aforesaid and to give in sums as stated in the Notice to Contractors Inviting Bids, both a faithful Performance Bond, and a Payment Bond as required by Chapter 5 (commencing at Section 3225) and Chapter 7 (commencing at Section 3247), Title 15, Part 4, Division 3, of the California Civil Code, with surety satisfactory to the Owner within the time specified in Section 3-1.03 of the Standard Specifications after the undersigned has received notice of the award of the Contract from the Owner and that the Contract is ready for signature, the Owner may, at its option, determine that the bidder has abandoned the Contract, and thereupon this Proposal and the acceptance thereof shall be null and void, and the forfeiture of the security accompanying this Proposal shall operate and the same shall be the property of the Owner.

Bids are required for the entire work shown in the Base Bid Schedule and for Additive Alternates. The amount of the bid for comparison purposes will be the Total Bid (Base Bid Schedule plus Additive Alternates).

The bidder shall set forth for each item of work, in clearly legible figures, a unit price and a total for the item in the respective spaces provided for this purpose. In the case of unit basis items, the amount set forth under the "Total" column shall be the extension of the unit price bid on the basis of the estimated quantity for the item.

In case of discrepancy between the unit price and the total set forth for the item, the unit price shall prevail; provided, however, if the amount set forth as a unit price is ambiguous, unintelligible or uncertain for any cause, or is omitted, or in the case of unit basis items, is the same amount as the entry in the "Total" column, then the amount set forth in the "Total" column for the item shall prevail in accordance with the following:

1. As to lump sum items, the amount set forth in the "Total" column shall be the unit price.
2. As to unit basis items, the amount set forth in the "Total" column shall be divided by the estimated quantity for the item, and the price thus obtained shall be the unit price.

The quantities listed in the Proposal are approximate only. Payment for work done will be made at the contract unit prices bid as applied to the quantities actually constructed or installed.

Award of the Contract, if awarded, will be to the lowest responsible bidder, for the **base bid plus any combination of the additive alternates**, as determined by the Owner, subject to the Owner's right to reject any or all bids and to waive any informality or irregularity in the bids or bidding. Bids in which the prices are obviously unbalanced may be rejected.

Contract unit prices/lump sum bid by the lowest responsive and responsible bidder shall be locked in for the duration of the contract, and the Owner has the right to award additional Additive Alternates at the unit prices bid, if additional funding becomes available.

Award of the Contract, if awarded, will be to the lowest responsible bidder, if any, for the Total Bid, subject to the Owner's right to reject any or all bids, and to waive any informality or irregularity in the bids or bidding. Bids in which the prices are obviously unbalanced or the submittal is incomplete may be rejected.

Award of the Contract, if awarded, will be made to the lowest responsible bidder within seventy-five (75) calendar days from the date specified for the opening of bids.

Section 67 of the San Diego County Administrative Code provides that the County shall not contract with, and shall reject any bid or proposal submitted by, the person or entities specified below, unless the Board of Supervisors finds that special circumstances exist which justify the approval of such contract:

- (d) Profit making firms or businesses in which the former employees described in subsection (c) serve as officers, principals, partners, or major shareholders.

With the affixing of a signature to your response to this solicitation, officer certifies that the above provisions of the Code have been complied with, and that any exception will cause any ensuing contract to be invalid.

NAME OF BIDDER: FSG GENERAL ENGINEERING, INC.

BID COMPARISON AND AWARD

If this Proposal shall be accepted and the undersigned shall fail to contract as aforesaid and to give in sums as stated in the Notice to Contractors Inviting Bids, both a faithful Performance Bond, and a Payment Bond as required by Chapter 5 (commencing at Section 3225) and Chapter 7 (commencing at Section 3247), Title 15, Part 4, Division 3, of the California Civil Code, with surety satisfactory to the Owner within the time specified in Section 3-1.03 of the Standard Specifications after the undersigned has received notice of the award of the Contract from the Owner and that the Contract is ready for signature, the Owner may, at its option, determine that the bidder has abandoned the Contract, and thereupon this Proposal and the acceptance thereof shall be null and void, and the forfeiture of the security accompanying this Proposal shall operate and the same shall be the property of the Owner.

Bids are required for the entire work shown in the Base Bid Schedule and for Additive Alternates. The amount of the bid for comparison purposes will be the Total Bid (Base Bid Schedule plus Additive Alternates).

The bidder shall set forth for each item of work, in clearly legible figures, a unit price and a total for the item in the respective spaces provided for this purpose. In the case of unit basis items, the amount set forth under the "Total" column shall be the extension of the unit price bid on the basis of the estimated quantity for the item.

In case of discrepancy between the unit price and the total set forth for the item, the unit price shall prevail; provided, however, if the amount set forth as a unit price is ambiguous, unintelligible or uncertain for any cause, or is omitted, or in the case of unit basis items, is the same amount as the entry in the "Total" column, then the amount set forth in the "Total" column for the item shall prevail in accordance with the following:

1. As to lump sum items, the amount set forth in the "Total" column shall be the unit price.
2. As to unit basis items, the amount set forth in the "Total" column shall be divided by the estimated quantity for the item, and the price thus obtained shall be the unit price.

The quantities listed in the Proposal are approximate only. Payment for work done will be made at the contract unit prices bid as applied to the quantities actually constructed or installed.

Award of the Contract, if awarded, will be to the lowest responsible bidder, for the **base bid plus any combination of the additive alternates**, as determined by the Owner, subject to the Owner's right to reject any or all bids and to waive any informality or irregularity in the bids or bidding. Bids in which the prices are obviously unbalanced may be rejected.

Contract unit prices/lump sum bid by the lowest responsive and responsible bidder shall be locked in for the duration of the contract, and the Owner has the right to award additional Additive Alternates at the unit prices bid, if additional funding becomes available.

Award of the Contract, if awarded, will be to the lowest responsible bidder, if any, for the Total Bid, subject to the Owner's right to reject any or all bids, and to waive any informality or irregularity in the bids or bidding. Bids in which the prices are obviously unbalanced or the submittal is incomplete may be rejected.

Award of the Contract, if awarded, will be made to the lowest responsible bidder within seventy-five (75) calendar days from the date specified for the opening of bids.

PROHIBITED CONTRACTS

Section 67 of the San Diego County Administrative Code provides that the County shall not contract with, and shall reject any bid or proposal submitted by, the person or entities specified below, unless the Board of Supervisors finds that special circumstances exist which justify the approval of such contract:

- (a) Persons employed by the County or of public agencies for which the Board of Supervisors is the governing body;

- (d) Profit making firms or businesses in which the former employees described in subsection (c) serve as officers, principals, partners, or major shareholders.

With the affixing of a signature to your response to this solicitation, officer certifies that the above provisions of the Code have been complied with, and that any exception will cause any ensuing contract to be invalid.

S&S is a Disabled Veterans Business Enterprise

S&S Fence is a fully certified DVBE (Disabled Veteran Business Enterprise) program participant. As a DVBE program participant, S&S Fence has been involved in many DVBE projects throughout the state of California and we have much experience in this area.

The Disabled Veteran Business Enterprise (DVBE) Program was established to acknowledge disabled veterans for their service to our country. The state established a DVBE participation goal of at least 3% and each state agency establishes their own method for attaining that goal.

If the minimum three percent goal is not met, the state agency must provide their reasons for not meeting the goal and an implementation plan for future DVBE participation. The Department of General Services (DGS) established a DVBE incentive pursuant to Senate Bill 115 chaptered October 3, 2005 and the Military and Veterans Code section 999.5(a).

The new regulations applies to all public works bids. For each applicable contract, prime contractors must achieve the minimum DVBE participation goal or demonstrate they made a "Good Faith Effort" to achieve participation.

The five legally defined "Good Faith Effort" steps are:

BID COMPARISON AND AWARD

If this Proposal shall be accepted and the undersigned shall fail to contract as aforesaid and to give in sums as stated in the Notice to Contractors Inviting Bids, both a faithful Performance Bond, and a Payment Bond as required by Chapter 5 (commencing at Section 3225) and Chapter 7 (commencing at Section 3247), Title 15, Part 4, Division 3, of the California Civil Code, with surety satisfactory to the Owner within the time specified in Section 3-1.03 of the Standard Specifications after the undersigned has received notice of the award of the Contract from the Owner and that the Contract is ready for signature, the Owner may, at its option, determine that the bidder has abandoned the Contract, and thereupon this Proposal and the acceptance thereof shall be null and void, and the forfeiture of the security accompanying this Proposal shall operate and the same shall be the property of the Owner.

Bids are required for the entire work shown in the Base Bid Schedule and for Additive Alternates. The amount of the bid for comparison purposes will be the Total Bid (Base Bid Schedule plus Additive Alternates).

The bidder shall set forth for each item of work, in clearly legible figures, a unit price and a total for the item in the respective spaces provided for this purpose. In the case of unit basis items, the amount set forth under the "Total" column shall be the extension of the unit price bid on the basis of the estimated quantity for the item.

In case of discrepancy between the unit price and the total set forth for the item, the unit price shall prevail; provided, however, if the amount set forth as a unit price is ambiguous, unintelligible or uncertain for any cause, or is omitted, or in the case of unit basis items, is the same amount as the entry in the "Total" column, then the amount set forth in the "Total" column for the item shall prevail in accordance with the following:

1. As to lump sum items, the amount set forth in the "Total" column shall be the unit price.
2. As to unit basis items, the amount set forth in the "Total" column shall be divided by the estimated quantity for the item, and the price thus obtained shall be the unit price.

The quantities listed in the Proposal are approximate only. Payment for work done will be made at the contract unit prices bid as applied to the quantities actually constructed or installed.

Award of the Contract, if awarded, will be to the lowest responsible bidder, for the **base bid plus any combination of the additive alternates**, as determined by the Owner, subject to the Owner's right to reject any or all bids and to waive any informality or irregularity in the bids or bidding. Bids in which the prices are obviously unbalanced may be rejected.

Contract unit prices/lump sum bid by the lowest responsive and responsible bidder shall be locked in for the duration of the contract, and the Owner has the right to award additional Additive Alternates at the unit prices bid, if additional funding becomes available.

CONSTRUCTION OF TIJUANA RIVER VALLEY REGIONAL PARK MESA TRAILS ENHANCEMENT PROJECT - (RFB 6584)

Addendum No. 2 forms a part of the contract documents and changes the original documents only in the manner and to the extent stated.

CHANGES:

1. Revision to Sheet 26 of the Plan Set:
On Sheet 27 of the Plan Set there is one area which is clouded in red and has a note reading:
"Stepped Trail in Steep Section, Using PT Lumber"
THIS SECTION OF TRAIL HAS BEEN DELETED FROM THE PROJECT AND SHOULD NOT BE CALCULATED IN CONTRACTOR'S ESTIMATE
2. The Bid Schedule inadvertently goes from Line Item #22 to Line Item #25. Line Items #23 and #24 are missing. This is a typographical error. Please do not assign costs to the missing numbers.
3. Part 5, Specification Section 02710 and 02925 are both products, requiring a Pre-Bid Approved Equal submittal. Replace all references to "OR PRE-BID APPROVED EQUAL" or "Pre-bid Approved Equal" with "OR EQUAL" that allows the contractor flexibility of using other products, as long as it meets one of the two minimum performance requirements.

NAME OF BIDDER: Whillock Contracting, Inc.

BID COMPARISON AND AWARD

If this Proposal shall be accepted and the undersigned shall fail to contract as aforesaid and to give in sums as stated in the Notice to Contractors Inviting Bids, both a faithful Performance Bond, and a Payment Bond as required by Chapter 5 (commencing at Section 3225) and Chapter 7 (commencing at Section 3247), Title 15, Part 4, Division 3, of the California Civil Code, with surety satisfactory to the Owner within the time specified in Section 3-1.03 of the Standard Specifications after the undersigned has received notice of the award of the Contract from the Owner and that the Contract is ready for signature, the Owner may, at its option, determine that the bidder has abandoned the Contract, and thereupon this Proposal and the acceptance thereof shall be null and void, and the forfeiture of the security accompanying this Proposal shall operate and the same shall be the property of the Owner.

Bids are required for the entire work shown in the Base Bid Schedule and for Additive Alternates. The amount of the bid for comparison purposes will be the Total Bid (Base Bid Schedule plus Additive Alternates).

The bidder shall set forth for each item of work, in clearly legible figures, a unit price and a total for the item in the respective spaces provided for this purpose. In the case of unit basis items, the amount set forth under the "Total" column shall be the extension of the unit price bid on the basis of the estimated quantity for the item.

In case of discrepancy between the unit price and the total set forth for the item, the unit price shall prevail; provided, however, if the amount set forth as a unit price is ambiguous, unintelligible or uncertain for any cause, or is omitted, or in the case of unit basis items, is the same amount as the entry in the "Total" column, then the amount set forth in the "Total" column for the item shall prevail in accordance with the following:

1. As to lump sum items, the amount set forth in the "Total" column shall be the unit price.
2. As to unit basis items, the amount set forth in the "Total" column shall be divided by the estimated quantity for the item, and the price thus obtained shall be the unit price.

The quantities listed in the Proposal are approximate only. Payment for work done will be made at the contract unit prices bid as applied to the quantities actually constructed or installed.

Award of the Contract, if awarded, will be to the lowest responsible bidder, for the **base bid plus any combination of the additive alternates**, as determined by the Owner, subject to the Owner's right to reject any or all bids and to waive any informality or irregularity in the bids or bidding. Bids in which the prices are obviously unbalanced may be rejected.

Contract unit prices/lump sum bid by the lowest responsive and responsible bidder shall be locked in for the duration of the contract, and the Owner has the right to award additional Additive Alternates at the unit prices bid, if additional funding becomes available.

Award of the Contract, if awarded, will be to the lowest responsible bidder, if any, for the Total Bid, subject to the Owner's right to reject any or all bids, and to waive any informality or irregularity in the bids or bidding. Bids in which the prices are obviously unbalanced or the submittal is incomplete may be rejected.

Award of the Contract, if awarded, will be made to the lowest responsible bidder within seventy-five (75) calendar days from the date specified for the opening of bids.

Section 67 of the San Diego County Administrative Code provides that the County shall not contract with, and shall reject any bid or proposal submitted by, the person or entities specified below, unless the Board of Supervisors finds that special circumstances exist which justify the approval of such contract:

- (a) Persons employed by the County or of public agencies for which the Board of Supervisors is the governing body;

With the affixing of a signature to your response to this solicitation, officer certifies that the above provisions of the Code have been complied with, and that any exception will cause any ensuing contract to be invalid.

Laura,

We will not be bidding the trails projects. Please note that we are a DVBE contractor and a DVBE supplier as well. (DVBE, SDVOB, SBE, and Micro business)

The project is well within our scope of work, but we cannot be competitive on the two trail bids.

Please keep us in your data base as we are interested in providing price information to your company.

Thank you and good luck,

NAME OF BIDDER: Visionary Construction & Consulting Inc.

BID COMPARISON AND AWARD

If this Proposal shall be accepted and the undersigned shall fail to contract as aforesaid and to give in sums as stated in the Notice to Contractors Inviting Bids, both a faithful Performance Bond, and a Payment Bond as required by Chapter 5 (commencing at Section 3225) and Chapter 7 (commencing at Section 3247), Title 15, Part 4, Division 3, of the California Civil Code, with surety satisfactory to the Owner within the time specified in Section 3-1.03 of the Standard Specifications after the undersigned has received notice of the award of the Contract from the Owner and that the Contract is ready for signature, the Owner may, at its option, determine that the bidder has abandoned the Contract, and thereupon this Proposal and the acceptance thereof shall be null and void, and the forfeiture of the security accompanying this Proposal shall operate and the same shall be the property of the Owner.

Bids are required for the entire work shown in the Base Bid Schedule and for Additive Alternates. The amount of the bid for comparison purposes will be the Total Bid (Base Bid Schedule plus Additive Alternates).

The bidder shall set forth for each item of work, in clearly legible figures, a unit price and a total for the item in the respective spaces provided for this purpose. In the case of unit basis items, the amount set forth under the "Total" column shall be the extension of the unit price bid on the basis of the estimated quantity for the item.

In case of discrepancy between the unit price and the total set forth for the item, the unit price shall prevail; provided, however, if the amount set forth as a unit price is ambiguous, unintelligible or uncertain for any cause, or is omitted, or in the case of unit basis items, is the same amount as the entry in the "Total" column, then the amount set forth in the "Total" column for the item shall prevail in accordance with the following:

1. As to lump sum items, the amount set forth in the "Total" column shall be the unit price.
2. As to unit basis items, the amount set forth in the "Total" column shall be divided by the estimated quantity for the item, and the price thus obtained shall be the unit price.

The quantities listed in the Proposal are approximate only. Payment for work done will be made at the contract unit prices bid as applied to the quantities actually constructed or installed.

Award of the Contract, if awarded, will be to the lowest responsible bidder, for the **base bid plus any combination of the additive alternates**, as determined by the Owner, subject to the Owner's right to reject any or all bids and to waive any informality or irregularity in the bids or bidding. Bids in which the prices are obviously unbalanced may be rejected.

Contract unit prices/lump sum bid by the lowest responsive and responsible bidder shall be locked in for the duration of the contract, and the Owner has the right to award additional Additive Alternates at the unit prices bid, if additional funding becomes available.

Award of the Contract, if awarded, will be to the lowest responsible bidder, if any, for the Total Bid, subject to the Owner's right to reject any or all bids, and to waive any informality or irregularity in the bids or bidding. Bids in which the prices are obviously unbalanced or the submittal is incomplete may be rejected.

Award of the Contract, if awarded, will be made to the lowest responsible bidder within seventy-five (75) calendar days from the date specified for the opening of bids.

Set forth below is the completed Designation of Subcontractors form listing whom the Bidder proposes to subcontract portions of the work in excess of one-half of one percent of the total bid, or, in the case of construction of streets or highways, including bridges, in excess of one-half of one percent of the total bid or \$10,000, whichever is greater, and the portion of the work which will be done by each Subcontractor for each subcontract.

The Bidder's attention is directed to the provision titled "Subcontracting" of the Special Provisions contained in these Contract Documents.

NOTE: The Bidder understands that if the Bidder fails to specify a Subcontractor for any portion of the work to be performed under the contract in excess of one-half of one percent of the bid, or, in the case of construction of streets or highways, including bridges, in excess of one-half of one percent of the bid or \$10,000, whichever is greater, the Bidder shall be deemed to have agreed to perform such portion, and that the Bidder shall not be permitted to sublet or subcontract that portion of the work except in cases of public emergency or necessity, and then only after a finding, reduced to writing as a public record of the Awarding Authority, setting forth the facts constituting the emergency or necessity in accordance with the provision of the Subletting and Subcontracting Fair Practices Act (Section 4100 et seq. of the California Public Contract Code).

Unless changed in the Special Provisions, at least 50 percent of the original contract price shall be performed by the Contractor's own organization.

The Business Name and Address, the Portion of Work, and License Number that will be done by each subcontractor are required at the time of bid submittal. An inadvertent error in listing the California contractor license number must be corrected by the prime contractor within 24 hours after bid opening by email to the Procurement Contracting Officer listed as contact for this RFB, provided the corrected contractor's license number corresponds to the submitted name and location for that subcontractor, or else the bid may be determined nonresponsive. The remainder of the information shall be submitted by all bidders within two business days of bid opening by e-mail to said Procurement Contracting Officer.."

If no Subcontractors are to be employed on the project, enter the word "NONE."

BID COMPARISON AND AWARD

If this Proposal shall be accepted and the undersigned shall fail to contract as aforesaid and to give in sums as stated in the Notice to Contractors Inviting Bids, both a faithful Performance Bond, and a Payment Bond as required by Chapter 5 (commencing at Section 3225) and Chapter 7 (commencing at Section 3247), Title 15, Part 4, Division 3, of the California Civil Code, with surety satisfactory to the Owner within the time specified in Section 3-1.03 of the Standard Specifications after the undersigned has received notice of the award of the Contract from the Owner and that the Contract is ready for signature, the Owner may, at its option, determine that the bidder has abandoned the Contract, and thereupon this Proposal and the acceptance thereof shall be null and void, and the forfeiture of the security accompanying this Proposal shall operate and the same shall be the property of the Owner.

Bids are required for the entire work shown in the Base Bid Schedule and for Additive Alternates. The amount of the bid for comparison purposes will be the Total Bid (Base Bid Schedule plus Additive Alternates).

The bidder shall set forth for each item of work, in clearly legible figures, a unit price and a total for the item in the respective spaces provided for this purpose. In the case of unit basis items, the amount set forth under the "Total" column shall be the extension of the unit price bid on the basis of the estimated quantity for the item.

In case of discrepancy between the unit price and the total set forth for the item, the unit price shall prevail; provided, however, if the amount set forth as a unit price is ambiguous, unintelligible or uncertain for any cause, or is omitted, or in the case of unit basis items, is the same amount as the entry in the "Total" column, then the amount set forth in the "Total" column for the item shall prevail in accordance with the following:

1. As to lump sum items, the amount set forth in the "Total" column shall be the unit price.
2. As to unit basis items, the amount set forth in the "Total" column shall be divided by the estimated quantity for the item, and the price thus obtained shall be the unit price.

The quantities listed in the Proposal are approximate only. Payment for work done will be made at the contract unit prices bid as applied to the quantities actually constructed or installed.

Award of the Contract, if awarded, will be to the lowest responsible bidder, for the **base bid plus any combination of the additive alternates**, as determined by the Owner, subject to the Owner's right to reject any or all bids and to waive any informality or irregularity in the bids or bidding. Bids in which the prices are obviously unbalanced may be rejected.

Contract unit prices/lump sum bid by the lowest responsive and responsible bidder shall be locked in for the duration of the contract, and the Owner has the right to award additional Additive Alternates at the unit prices bid, if additional funding becomes available.

Award of the Contract, if awarded, will be to the lowest responsible bidder, if any, for the Total Bid, subject to the Owner's right to reject any or all bids, and to waive any informality or irregularity in the bids or bidding. BID COMPARISON AND AWARD

If this Proposal shall be accepted and the undersigned shall fail to contract as aforesaid and to give in sums as stated in the Notice to Contractors Inviting Bids, both a faithful Performance Bond, and a Payment Bond as required by Chapter 5 (commencing at Section 3225) and Chapter 7 (commencing at Section 3247), Title 15, Part 4, Division 3, of the California Civil Code, with surety satisfactory to the Owner within the time specified in Section 3-1.03 of the Standard Specifications after the undersigned has received notice of the award of the Contract from the Owner and that the Contract is ready for signature, the Owner may, at its option, determine that the bidder has abandoned the Contract, and thereupon this Proposal and the acceptance thereof shall be null and void, and the forfeiture of the security accompanying this Proposal shall operate and the same shall be the property of the Owner.

Bids are required for the entire work shown in the Base Bid Schedule and for Additive Alternates. The amount of the bid for comparison purposes will be the Total Bid (Base Bid Schedule plus Additive Alternates).

The bidder shall set forth for each item of work, in clearly legible figures, a unit price and a total for the item in the respective spaces provided for this purpose. In the case of unit basis items, the amount set forth under the "Total" column shall be the extension of the unit price bid on the basis of the estimated quantity for the item.

In case of discrepancy between the unit price and the total set forth for the item, the unit price shall prevail; provided, however, if the amount set forth as a unit price is ambiguous, unintelligible or uncertain for any cause, or is omitted, or in the case of unit basis items, is the same amount as the entry in the "Total" column, then the amount set forth in the "Total" column for the item shall prevail in accordance with the following:

1. As to lump sum items, the amount set forth in the "Total" column shall be the unit price.
2. As to unit basis items, the amount set forth in the "Total" column shall be divided by the estimated quantity for the item, and the price thus obtained shall be the unit price.

The quantities listed in the Proposal are approximate only. Payment for work done will be made at the contract unit prices bid as applied to the quantities actually constructed or installed.

Award of the Contract, if awarded, will be to the lowest responsible bidder, for the **base bid plus any combination of the additive alternates**, as determined by the Owner, subject to the Owner's right to reject any or all bids and to waive any informality or irregularity in the bids or bidding. Bids in which the prices are obviously unbalanced may be rejected.

Contract unit prices/lump sum bid by the lowest responsive and responsible bidder shall be locked in for the duration of the contract, and the Owner has the right to award additional Additive Alternates at the unit prices bid, if additional funding becomes available.

Award of the Contract, if awarded, will be to the lowest responsible bidder, if any, for the Total Bid, subject to the Owner's right to reject any or all bids, and to waive any informality or irregularity in the bids or bidding. Bids in which the prices are obviously unbalanced or the submittal is incomplete may be rejected.

Award of the Contract, if awarded, will be made to the lowest responsible bidder within seventy-five (75) calendar days from the date specified for the opening of bids.

PROHIBITED CONTRACTS

Section 67 of the San Diego County Administrative Code provides that the County shall not contract with, and shall reject any bid or proposal submitted by, the person or entities specified below, unless the Board of Supervisors finds that special circumstances exist which justify the approval of such contract:

- (a) Persons employed by the County or of public agencies for which the Board of Supervisors is the governing body;

- (d) Profit making firms or businesses in which the former employees described in subsection (c) serve as officers, principals, partners, or major shareholders.

With the affixing of a signature to your response to this solicitation, officer certifies that the above provisions of the Code have been complied with, and that any exception will cause any ensuing contract to be invalid.

CONSTRUCTION OF TIJUANA RIVER VALLEY REGIONAL PARK MESA TRAILS ENHANCEMENT PROJECT - (RFB 6584)

Addendum No. 2 forms a part of the contract documents and changes the original documents only in the manner and to the extent stated.

CHANGES:

1. Revision to Sheet 26 of the Plan Set:
On Sheet 27 of the Plan Set there is one area which is clouded in red and has a note reading:
"Stepped Trail in Steep Section, Using PT Lumber"
THIS SECTION OF TRAIL HAS BEEN DELETED FROM THE PROJECT AND SHOULD NOT BE CALCULATED IN CONTRACTOR'S ESTIMATE
2. The Bid Schedule inadvertently goes from Line Item #22 to Line Item #25. Line Items #23 and #24 are missing. This is a typographical error. Please do not assign costs to the missing numbers.
3. Part 5, Specification Section 02710 and 02925 are both products, requiring a Pre-Bid Approved Equal submittal. Replace all references to "OR PRE-BID APPROVED EQUAL" or "Pre-bid Approved Equal" with "OR EQUAL" that allows the contractor flexibility of using other products, as long as it meets one of the two minimum performance requirements.
4. DVBE Requirements: All Contractors are encouraged to meet the DVBE goals for this solicitation. Please note All Contractors must show proof of a Good Faith Effort.
5. Replace Part 4, Page 4-11, No. 14, "Survey Staking", 2nd paragraph to, "All survey staking will be performed by the Contractor."

BID COMPARISON AND AWARD

If this Proposal shall be accepted and the undersigned shall fail to contract as aforesaid and to give in sums as stated in the Notice to Contractors Inviting Bids, both a faithful Performance Bond, and a Payment Bond as required by Chapter 5 (commencing at Section 3225) and Chapter 7 (commencing at Section 3247), Title 15, Part 4, Division 3, of the California Civil Code, with surety satisfactory to the Owner within the time specified in Section 3-1.03 of the Standard Specifications after the undersigned has received notice of the award of the Contract from the Owner and that the Contract is ready for signature, the Owner may, at its option, determine that the bidder has abandoned the Contract, and thereupon this Proposal and the acceptance thereof shall be null and void, and the forfeiture of the security accompanying this Proposal shall operate and the same shall be the property of the Owner.

Bids are required for the entire work shown in the Base Bid Schedule and for Additive Alternates. The amount of the bid for comparison purposes will be the Total Bid (Base Bid Schedule plus Additive Alternates).

The bidder shall set forth for each item of work, in clearly legible figures, a unit price and a total for the item in the respective spaces provided for this purpose. In the case of unit basis items, the amount set forth under the "Total" column shall be the extension of the unit price bid on the basis of the estimated quantity for the item.

In case of discrepancy between the unit price and the total set forth for the item, the unit price shall prevail; provided, however, if the amount set forth as a unit price is ambiguous, unintelligible or uncertain for any cause, or is omitted, or in the case of unit basis items, is the same amount as the entry in the "Total" column, then the amount set forth in the "Total" column for the item shall prevail in accordance with the following:

1. As to lump sum items, the amount set forth in the "Total" column shall be the unit price.
2. As to unit basis items, the amount set forth in the "Total" column shall be divided by the estimated quantity for the item, and the price thus obtained shall be the unit price.

The quantities listed in the Proposal are approximate only. Payment for work done will be made at the contract unit prices bid as applied to the quantities actually constructed or installed.

Award of the Contract, if awarded, will be to the lowest responsible bidder, for the **base bid plus any combination of the additive alternates**, as determined by the Owner, subject to the Owner's right to reject any or all bids and to waive any informality or irregularity in the bids or bidding. Bids in which the prices are obviously unbalanced may be rejected.

Contract unit prices/lump sum bid by the lowest responsive and responsible bidder shall be locked in for the duration of the contract, and the Owner has the right to award additional Additive Alternates at the unit prices bid, if additional funding becomes available.

Award of the Contract, if awarded, will be to the lowest responsible bidder, if any, for the Total Bid, subject to the Owner's right to reject any or all bids, and to waive any informality or irregularity in the bids or bidding. Bids in which the prices are obviously unbalanced or the submittal is incomplete may be rejected.

Award of the Contract, if awarded, will be made to the lowest responsible bidder within seventy-five (75) calendar days from the date specified for the opening of bids.
